President: Chuck Chamberlain

Hi everyone, summer is beginning and ECGS is in full swing.

Last month Gail Junion-Metz gave a wonderful presentation on Family Search and Research Tips. The meeting was very well attended and we're very excited to help our members with the tools to expand their own geneology.

This next month we will again have Jeff Mason making a presentation. His topic will be "Breaking Through Brick Walls and Reawakening Dead Ends". The last time Jeff was with us he did a fantastic job discussing DNA. You will be in for a real treat as he is a master of making genealogy research come alive.

Be sure to mark your calendars for June 15th and join us for an enjoyable evening of sharing and education.

Trustee: Liz Jones

Can't go to a conference? Need a free pep talk? Want to learn new things?

Rootstech is a national conference sponsored by Family Search and held annually in February in Salt Lake City. To get some benefits from

this conference at little or no cost, type <u>Rootstech.org</u> in your browser. When this is activated, click on Rootstech 2016. The next screen shows all the sessions you can watch. These are free to watch. One of the speakers is Amy Johnson Crow who is the main speaker at the Abrams Seminar in July.

Eaton County Genealogical Society BAKE SALE FUNDRAISER - FRONTIER DAYS

Each year during Frontier Days in Charlotte, Michigan, the ECGS has a bake sale inside the 1885 Courthouse. This year's sale will be held September 9, 10 and 11, 2016 (Friday 11-6, Saturday 9-6, and Sunday Noon-5 or when all the items are sold). The money from this annual fundraiser covers important expenses for the Society.

I spoke to the woman who has been the "baking machine" for the past several years and she is going to cut back considerably on baking this year. She is still going to volunteer at each of the three sale days because she enjoys the event so much. (She generally filled two freezers full in preparation for the sale.) Therefore, the Eaton County Genealogical Society needs volunteers to help out with providing items for this popular event in Charlotte.

The master chef told me what items are popular sellers: Fudge, peanut butter no bakes, chocolate with peanut butter no bakes, brownies with or without nuts, cookies of all sorts, caramel corn, cakes and pies. Coffee and pop are also sold. The bakery items and candy, etc., are sold individually or as a plate full. I think I intend to make some Key Lime pies as well as other items.

Please mark this important event on your calendar. We need three kinds of people to make this successful - bakers, sellers and buyers - or be all three.

Our May General Meeting

Shirley Hodges presented a wonderful photo montage of the history of our society during the social hour. She had photos of some of the early meetings, events, trips right up to our current probate packet scanning project we currently do every Tuesday now. It was very fun and interesting to hear what the society did in the past!

ECGS Photo History

Thank you Shirley for a wonderful look back at our society's history! It surely brought back memories for some, and was fun for others to

This was a great ending to the presentation: You are the key to the success of our society!

Our May General Meeting

Gail Junion-Metz presented an excellent program on tips for using Family Search! Even for many of us who use Family Search on a regular basis, she introduced new techniques for searching and how Family Search works.

FamilySearch

Becky Kendall is our new Greeter

and she is greeting Diane, from the Ingham County Genealogical Society, who is attending our meeting for the first time.

WELCOME to all of the new people who came tonight and of course, to everyone who comes on a regular basis!

Gail challenged us to write five things we remember from this in the next few days. Here are some: Find & Search. Merge option. Use lower case when searching. One common tree for all people & unique identifier for each. Standard dates & places. Look at several pages of results before stopping.

2016 Midwest Regional Meeting — Towne Family, Cousins and Friends

On Saturday, July 30, 2016, in Sunfield, Michigan, at the Welch Museum, there will be a special one day reunion primarily for descendants of William Towne and Joanna Blessing Towne. This family is famous because three of their daughters were accused of being witches in Old Salem Village (now Danvers), Massachusetts, in 1692. There are several Eaton County people related to the Towne family. The event begins at 10 a.m. with Shirley Hodges as the morning speaker and runs until 4:30 p.m. The museum is a wonderful venue and a buffet lunch will be served. The cost is \$19 per person.

TOWNE FAMILY REUNION JULY 30

SAD NEWS ...

Please join me in remembering a great icon of the entertainment community. The Pillsbury Doughboy died yesterday of a yeast infection and trauma complications from repeated pokes in the belly. He was 71..

Doughboy was buried in a lightly greased coffin. Dozens of celebrities turned out to pay their respects, including Mrs.. Butterworth, Hungry Jack, the California Raisins, Betty Crocker, the Hostess Twinkies, and Captain Crunch. The grave site was piled high with flours.

Aunt Jemima delivered the eulogy and lovingly described Doughboy as a man who never knew how much he was kneaded. Doughboy rose quickly in show business, but his later life was filled with turnovers. He was not considered a very smart cookie, wasting much of his dough on half- baked schemes. Despite being a little flaky at times, he still was a crusty old man and was considered a positive roll model for millions.

Doughboy is survived by his wife Play Dough, three children: John Dough, Jane Dough and Dosey Dough, plus they had one in the oven. He is also survived by his elderly father, Pop Tart.

The funeral was held at 3:50 for about 20 minutes.

If this made you smile for even a brief second, please rise to the occasion and take time to pass it on and share that smile with someone else that may be having a crumby day and kneads a lift.

Thanks to Jim Kendall for bringing this in!

Eaton County History Newspaper Project

EXCITING NEW PROJECT!!!

Have you heard about the Eaton County History Newspaper Project? Genealogists and historians alike have long struggled with finding information

trapped on the celluloid world of microfilm. How many fruitless hours have you spent in front of a microfilm reader struggling to focus a rickety old machine? Wouldn't it be beyond amazing and wonderful to instead search all Eaton County's microfilmed newspapers at once at a computer screen? Imagine the treasures that await us!

Currently there are microfilmed newspapers for The Bellevue Gazette, The Olivet Optic and a few other early Olivet newspapers, The Sunfield Sentinel, The Vermontville Echo, The Maple Valley News and various Charlotte and Eaton County Newspapers that have been microfilmed to varying dates in time. These newspapers are the focus of this project.

At the present time, The Grand Ledge Independent has been digitized and is now available on the Grand Ledge Library website for all to enjoy. Potterville-Benton Township Library and The Dorothy Hull—Windsor Township Library have both digitized their home town newspapers. These are available to be viewed on site.

Although ours is a very ambitious goal, it is actually, in reality, an obtainable one. We have found someone who has many years of experience in converting microfilm to digital for optical character recognition searching. Not only that, he does this work as a hobby. He is very happy to help us succeed in this project for a very reasonable compensation.

It is true that the better the quality of film, the better the searching capability. ECHNP cofounders, Sue Thompson and Marcy Cousino are in the process of evaluating the available county microfilm. At this time, we have determined that 31 reels of the Charlotte/Eaton County microfilms will need to be replaced before digitizing. This was not a surprise. These films are the oldest films in the county and they have had many years of hard use. They are very scratched, dirty, faded, brittle and some are even torn into pieces. We also know that 12 reels of Olivet films will need to be purchased. Central Michigan University's Clark Library has these films and we have been unable to locate these reels locally to borrow them. At \$50 a reel, we can afford these! Although we have not examined all the other films yet, we believe that they will be in very good shape because they are fairly new copies found in infrequently used libraries.

How would we share these newspapers with the public? We would supply searchable pdfs to all participating libraries and societies in Eaton County. We hope in the future to have them hosted to a local website, but in the meantime, our amazing newspaper digitizer offers to put Eaton County Historic Newspapers on the internet with the huge collection of newspapers that he already has shared with the world.

As you can see, right now, your donations, big or small, can achieve great things for all of us. Please consider a tax deductible donation to the Eaton County History Newspaper Project.

Thank you.

Memory Time With Drouscella

By Shirley Hodges

The Social hour was very special when D was able to stop by and chat for a few minutes. D was our first President and has always been very active. She was the editor of the Quest for several years.

I really enjoyed being able to introduce some of our newer members to Dru. They seemed to enjoy

hearing about the past. They really enjoyed hearing about her election as President. She said during the first meeting she left the room for a few moments and when she came back in, they told her she had been elected as President. I am sure this is true since over the years some

have stated that similar things have happened to them. Sher Brown has always claimed that she came to a meeting on Cloud 9 because she had just bought a new computer. Somehow she ended up with a position. Strange how those things happened.

When the society formed, our office was on the 2nd floor. When it was determined that we needed more room we moved to the ground floor.

It was nice to talk with D about the seminars we have held in the past. We have had some of the top speakers in the U.S. and Canada: Dr. George Schweitzer, John Colletta, Jean White, Rick Roberts, and Fawne Stratford Devai. The highlight of my speaking career was being able to share the stage with Dr. Schweitzer on the two occasions he did seminars for us. I can honestly say that he is one of the finest human beings I have ever had the chance to meet.

Dru was there in the early days when we first started working with the probate packets. What a thrill to be able to share the news with her on the current probate packet scanning project. I can remember being threatened with tar and feathering when I said it would be nice if we could index all the names in the packets. Our current work crew is digitizing them and they are already working on the M's.

At

What a joy it was to let Dru know that we are trying our best to continue the work that she and others started.

May Meeting

Shirley Hodges, our fearless leader!

We had a great time at our meeting! Shirley, Clarence, Cynthia, Dave & Nancy, Ramona, Chris, Pat, John & Sherry attended. Some people brought things they have worked on or are working on now, such as books and scrapbooks.

Shirley asked the question "If you had a fire, what would you grab?" She then showed us a priceless scrapbook her family had made for her with their memories of her. We talked about how it is not so important about how you write your memories; it is important that you write them! Sherry uses a scrapbook method and more pictures than narrative to tell her stories.. There is no right way or wrong way.

Probate Packets

The website is updated about once a month or so with the list of probate packets that have been scanned (<u>www.miegs.org/Files/ProbatePacketScanned.pdf</u>). There are now about 11,026 names that are scanned and we are scanning the "M" files.

Phyllis received this sand rose rock from her son for Mother's Day. These are naturally formed in deserts.

Chris and Becky helped take five boxes of completed scanned probate packets back to vault 3. Thanks Becky & Jim!

Sue sorts most of the boxes of packets back into alphabetical order once they are all scanned before we take them back to vault 3.

This has been the thickest probate packet we have had so far! It was for a McNamara and this was an inventory.

Jim stayed overtime one Tuesday to finish a probate packet. Thanks Jim!

If you believe there is a scanned probate packet you want to look at and you are a member, email us at <u>ecgsboard@gmail.com</u> and request access to the files.

The files are stored on the cloud and members may request a link to the cloud site. The pdf files are stored alphabetically. (Note: While we are now scanning the M files, there are a few scat-tered files that begin with later letters because of misfiled folders or requested scans.)

Join us on Tuesday afternoons when you can!

<u>The Wilson's Research</u>

Leonard & Mary Wilson have been visiting our library for several months to pour through the Springport newspaper microfilms. Mary usually looks through the microfilm and Leonard looks through our library books. Mary has found multiple articles and information about their family members by scrolling through the microfilm, page by page! That certainly takes a lot of patience! They often come 2 or 3 times a week.

Their family names are: SINE—German WALKER—Brookfield Twp. TOWNS BECK—Barry County POWERS—Brookfield Twp.

Charles Walker Rofus Walker John Walker

John Walker, Rufus & Clínton Walker

Mary's father is Rufus Walker and his father is Charles Walker, and his father is John

We have helped Mary with other research. For example, she did not know where her parents were married and we found that they had been married in Charlotte. She was happy to find that information!

Leonard & Mary are active members of the Duck Lake Genealogy Group.

Since I am not sure in what order they were published, I will publish the last of the four that had the by-line headings in this issue. There are a total of 63 names. The rest of the names will be published alphabetically.

By MILDRED MARSHALL Facts about your name; its history; fts meaning; whence it was derived; its significance; your lucky day and lucky jewel.

REGINA.

The Queen of Heaven, Maria, has votaries called by the Italians Regina or Reina. Rein was found more frequently in Florence. In France, Regina pecame Reine and Reinette, the former also being a favorite in Germany. All, of course, are translated to mean queen.

The natural conclusion would be that the name Regina is merely the Latin word for queen given a capitalized initial letter, but another explanation of its origin, and one most generally accepted, is that it is one of the many evolved from the Latin rego, meaning to rule. If such is the case it has a history as full of adventure as an Arabian Nights and is indeed an heroic name for a woman to bear.

The first Ragnar was that hardy soul who, after ravaging France, was put to death in England, whereupon his fierce sons in revenge swept England with merciless devastation. His name therefore became a dread one and in some manner was changed to Rene. At once Renee became popular as a feminine name since the younger daughter of Louis XII of France bore it. When she married into the House of Este, her name was changed to Renata, a form which is very pleasing to the Span-ish and Italian. The old Dutch form, Renira, is quaint and quite pretty. The Teutonic influence makes itself evident in Reigl and Regl.

The aquamarine is, Regina's jewel. Much superstition centers about this stone and it has thereapeutic value, since by its paling color, it gives evidence of the bodily weak ening of its wearer. It is even held that its own color will stain the flesh against which it is worn as indication of some physical derangement. Thursday is Regina's fortunate day and 7 her lucky number. The violet is her flower.

(Copyright, 1919, by The Wheeler Syndicate, Inc.)

ADELE.

Derived from the Teutonic Adilo, which also is the root of Adelaide, the name Adelez is one of the most ancient known to students. The significance of the name is of the heroic character and it was a favorite with the ruling houses of the various German principalities as far back as the tenth and eleventh centuries. name in its earliest beginnings was very much the same in form and even spelling as it is today. Adele is probably the widest variation in the course of centuries.

The name was widely adopted in France, as well as in England and Italy under different forms from Adalaida to Adeline.

The jewel associated with persons bearing the name Adele is the turquoise. The turquoise is held to have peculiar properties of protecting the person wearing it from harm and warning them of approaching danger by breaking. Friday is Adele's most fortunate day and her lucky number is six.

Ways You Can Help to Volunteer at (or for) ECGS

Please note: We appreciate any help we receive! We will never pressure you to help us! We only ask if you have volunteered for room duty and you cannot make it, call (phone numbers provided) us and let us know to get coverage.

Room Volunteers: Room volunteers are here to help people who come in to research. While some of our room volunteers actually help do the research, this is not a requirement. The main tasks are to answer the phone and guide the researchers to our various areas they can research.

Probate Packet Scanning: This is an on-going project that meets regularly at the ECGS room to scan probate packets on Tuesday afternoons. However, anyone can scan when the room is open.

Indexing and/or proofreading at home: Using scanned images, we can show you how to index and/or proofread at your own leisure at home.

Mini Take-Home projects: This is a brand new type of project we are trying. People have taken home several projects and we will see how that goes.

Special Projects: Possibly set up an area in our room that will have special projects that you can work on when you come in. Again... new idea to try! More to come on this.

Every effort is made to present authentic material; the Eaton County Genealogical Society cannot be held responsible for the accuracy or the publishing rights of material furnished by contributors.
