

# The Boyd Preston Collection at the Charlotte Community Library

The Boyd Preston Genealogy File collection is an index card file cabinet full of index cards filed alphabetically by last name. These index cards contain information about early Eaton County people. The card file resides in the Michigan Room at the Charlotte Community Library.

Boyd Preston resided in Charlotte, Michigan and a hobby of his was to collect information about Eaton County people. He used the information from Census microfilm before it became routine for genealogists. Some of his information came from personal knowledge. Since none of the data is sourced, these should be used as '**Clues**' for genealogy and not facts.

Volunteers spend their time to preserve history in the beautiful Michigan Room.

The Eaton County Genealogical Society has joined with the library to scan these cards to make them available online.
