

Eaton County Genealogical Society Vietnam Era Project (as of August 3, 2020)

This is a list of the names we have identified as possible Vietnam Era Veterans connected to Eaton County from a source such as a newspaper article, obituary, etc. In some cases, the article includes young men from Lansing being sent from Eaton County to be processed for duty and these young men could be from Delta Township. Since we took the Lansing names out, we may miss some of the Delta veterans. PLEASE let us know if we need to add any names from Delta Township. In the 'Form?' column: if there is a 'yes' in it, that means we have received a form. The form could have been from the veteran, if the veteran is still living. Or, if the veteran is deceased, the form was filled out by a friend or loved one. Or, it could have been filled out by one of our committee members. We are beginning to try and verify the names by finding out what part of the military they were part of and how they are connected to Eaton County. If you know answers to anyone, Please let us know!
