Certificates of Enlistment / Soldier's Relief Fund
(Civil War Soldiers)
Kalamo Twp., Eaton Co., 1862-1866

Copied by Joyce Liepins, 24 Nov 1993

These unique records were only recently recovered from the basement vault of the old 1871 Sheriff's Residence (located next to the 1885 Courthouse). It is not known how long they have been stored there, but we are very fortunate they have been recovered. Only the records for Kalamo Twp. have been found.

The special "Remarks" column gives us a rare glimpse into the life of the household. Although this column was not often filled in on the following certificates, when it was it lends the reader some valuable information.

To enhance the information contained in the following documents, the reader is advised to refer to issue #9 ECQ, page 21, where they will find an article which was published upon the discovery last year of a bundle of "relief checks" cashed by the families of these same soldiers. A history of the soldier's relief fund is also given in that issue.

These certificates are now in the library of the Eaton County Genealogical Society.

The spelling given here is taken verbatim.

* and ? used throughout this article are the compiler's input.

It occurred to this editor today, that many of our members have never seen the Eaton County 1885 Historic Courthouse, so I found a great shot to show you.

A quick report on the progress of saving this grand old structure.....The Courthouse Square Assn., Inc. has been formed, and 15 of its 21 board members are in place. The "CSA" has presented a lease to the Eaton Co. Board of Commissioners, and if all goes as planned, the building will be in CSA's hands by about February. Then the work of raising funds to restore the building will begin.

I'll keep you informed as things progress. Everyone involved is very excited.....this thing is really going to take off!!! I'll have to prepare some 'before & after' photos for you.

## LIST OF EATON COUNTY SHERIFFS

1838-1972

*The following list was submitted to the local Charlotte newspaper about 30 yrs. ago by the sheriff at that time, Elwin Smith. Mr. Smith is still a resident of Charlotte and has recently donated this clipping, as well as other artifacts, to the Eaton County Historical Commission.*

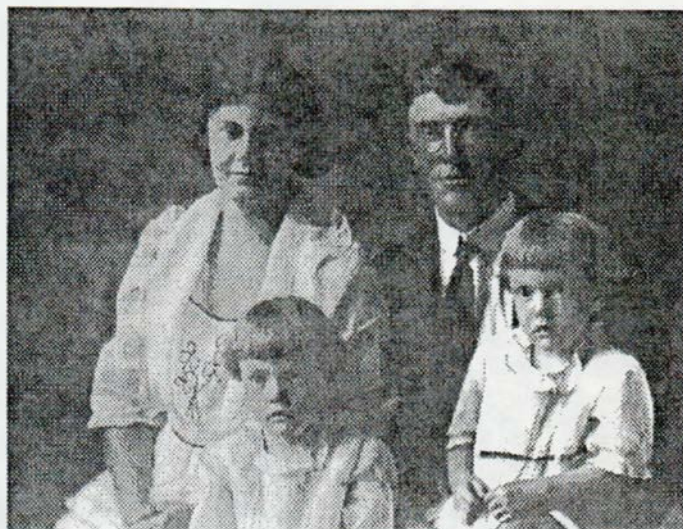

### Sheriff Elwin Smith Has Complete List of Men Who Have Held Office of Sheriff

Last week's query in "Tales" about the men who have been sheriff of Eaton County brought a response from Sheriff Elwin Smith who furnished us with the following complete list of men. Sheriff Smith is the 34th to hold office. Starting in 1838 with Robert Wheaton, the first date is the year they were elected, their name, number of terms they served if more than one, year they entered office and last year of office.

### Can You Indentify This Family?

Another in our series of unidentified photographs from the library of ECGS.

We need names to put with the faces. Does anyone recognize this family?

### Book Review

If any of our readers have a genealogical book they would like to have reviewed, please send a copy to us, along with the price and name /address of where the book may be purchased. We will do a book review in the next available

Quest issue, and afterwards place the book in our library for others to enjoy.

### "A Stevens Genealogy"

Compiled by Janet Evelyn Savage Cornell & Julia Emeline Savage Hanby, 1992

Published by Gateway Press, Inc.

Hard-cover, 6x9 in., vi + 437 pages, index, photos, fold-out family chart

Can be ordered by writing to: Janet Savage Cornell, 6444 Clearair Drive, Mentor, OH 44060

This book contains the descendants of Sanford Stevens (1793-1872) of Connecticut, Tompkins County, New York and Crawford County, Pennsylvania, and his wife Sally (Stevens) Stevens (1795-1876), and also traces the ancestors of Sally. It is the result of twenty years of research.

Sanford, whose parents remain a mystery, was born 2 Feb 1793 in Connecticut. On 22 Sep 1811, he married Sally Stevens. She was born 14 Jun 1795 in Connecticut and was the daughter of William and Huldah (Dann) Stevens. They were married 60 years and became the parents of thirteen children who lived to maturity. This genealogy includes the descendants of the twelve oldest children.

The book has many stunning photographs of the family members, is well-documented, and easy to read. There are several Eaton County families to be found within the pages, which should peak the interest of our readers.

### Elections & A New Year Of Growth

It's that time again. New officers will be elected at our January 19th meeting. The next year promises to be an exciting one. As with each year in the past, many new improvements will be made and I expect a burst of growth, both in the membership of the society and its library collection.

We have many BIG ideas brewing under our little bonnets and it will be fun to see how many of them we can carry out. One of the very biggest of these ideas is to see if we can get ourselves computerized. Wouldn't that be the berries! On one hand, I hate to see the fun taken out of genealogy...you know- the part where you have to dig through piles of dirty loose papers, and thumb through thousands and thousands of pages from stacks & stacks of old books, all this, mind you, over a period of say 20 or 30 years, just to find that one sentence where your ancestor is mentioned (probably very briefly and with a notation that it can't be documented by anyone who has ever lived in the last 500 years). On the other hand, wouldn't it be neat to walk into our library and say "Does Rudolph Waistbinder show up in any of your books?," and have us tell you to type the gentlemen's name into our computer (which will have a database that can only be defined as infinite). If his name appears in any of the county records, or thousands of books or vertical files in our library (which our members have conveniently spent hundreds of volunteer hours extracting the names out of and entered them into the computer for you), it'll pop up on the screen and tell you what book/file/fiche to find Mr. Waistbinder in and even what page number, therefore saving you the trouble of even having to look in the back index. Humm...I don't know. It sounds like the easy way out to me, and certainly no fun. If the issue of a computer comes up and we have to vote on it, I wonder how I should vote. (Just kidding, folks! You know how I'm going to vote. I take the easy way out every time!!)

If, by chance, anyone of you happens to have, or knows someone else who has, a IBM compatible computer that they need a tax write-off on (we are a non-profit organization), and this computer has lots of memory to serve the size of database we'll be using, I think we can help you/them out. Seriously, anyone that knows of a business that would like to help a worthwhile cause by donating such a machine would be profusely thanked.

### Accomplishments of 1993

I have been amazed at the number of new books, films and microfiche we have added in 1993. Not only have our members been donating materials they are finished with and would like to see other people have access to, but organizations, township agencies, and individuals who have heard about us have been bringing in some wonderful things. They are excited to learn there is a good central repository where they can store these items-- and where the public can have

access to them and they will do the most good. I have yet to hear of any book that served a purpose by laying forgotten on a dark, damp shelf collecting dust and rotting away from neglect.

Because I see a computer in our library somewhere down the road, I settled down to my home computer in December and put all our inventory into a database. This will make it so much easier to keep track of what books are coming in, who donated them, etc. One other advantage that I especially like is that when its time for the next issue of the Quest I can ask this database to spit me out a copy of all the new materials in our library for the previous 3 months. Our readers will be right on top of everything new that comes into our collection with this "New on The Bookshelf" section. The only reason you don't see it in this issue is that I still have some bugs to work out. It was nearly ready to publish, but somehow time moved faster than I did.

Now that the inventory is in the database, we will start a surname database. We have many volunteer members who have computers at home and are willing to do indexing projects. We will all use the same database, merge them into one central database and at least have a good headstart on the day when we will have a computer in our room for access by our patrons.

## Thanks to Our Room Volunteers

As you may know, our library is now open to the public Monday thru Friday, from 10 a.m. to 2 p.m. This has been possible through the wonderful volunteer members who have driven through snow and slush to make sure someone is there to help our room visitors. I want to take this opportunity to thank those special people: Nancy Jourden, Sheila Mott, LaRae Smith, Rosemary McCarthy, Ruth Highfill, Lyle French, Betty Goostrey, Darlene Gregg, Drouscella Halsey, Sharlene Thuma, and Mary Ellen Aves. Thanks also to those of you who have been coming up to our rooms on Monday evenings (our "work-bee" night) to help with any projects we have going.

My last thank you goes to Sheila Mott, who doesn't know it yet but has found herself a none-paying job. She has generously donated her time in doing most of the photocopying, collating and stapling of the Quest issue you are now reading. Not only that, but she's willing to do it again next issue! Having done it the last 3 years, I know it's not an easy job to put together 200 copies of a 50 page quarterly-- so take a bow Sheila, you deserve it. Thanks to the other members who helped her with the collating and stapling. See you all next issue (hint, hint)!

## Hi, Trevor!

Eaton County Genealogical Society has been blessed for several years with a man named Trevor Farr. If you've ever met Trevor, you are immediately impressed by his size-- 6' 7" I think he told me once (of course, I had to ask him). By the way, advise to our women members: you'll find it much easier to sit Trevor down when talking with him. I'm 5' 3" and learned early on that it's incredibly hard on the neck to carry on a conversation with him more than 5 minutes in a standing position. After you are thoroughly impressed by his size, the next thing that becomes very obvious is that Trevor is a real "sweetheart." He's always willing to give his time, strength, talent, and wisdom to our society.

Trevor has been fighting a hard battle with cancer since last summer. He's been unable to come to our meetings and misses us very much, as we do him. I want to ask our readers, those of you who know him, and those who don't, to take some time to send Trevor some cards/letters of encouragement. (We can't surprise him because he's reading this too ~ "Hi, Trev!") His address is Trevor Farr, 937 W. Northrup St., Lansing, MI 48911. We love you, Trevor!
